Courier-Journal Train.

The Courier-Journal now is delivered in Clay City in the morning instead of in the afternoon as heretofore. This is made possible by that paper running a special train from Louisville to Lexington each morning to connect with an outgoing morning train from the latter city. This is a large undertaking for a newspaper but the Courier

is a big paper and will profit by the enterprise.

Irvine Items.

[Irvine Herald.]

Misses Nettie D. Benton and Dora Conlee were guests of Mrs. R. F. Hood last week.

Beverly Broadus leaves this week for Louisville, where he will enter a medical school.

Miss Madge Wilson has decided to remain here and continue the school through the winter.

Hume Wagers, who has been attending school at Georgetown, spent the holidays at his home at Wagersville.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Swann-Day Lbr. Co. Price 50 cents.

Mrs. Ida Williams, of Jeffersonville, has moved into the Webb property which she purchased last week. In the Spring she will probably open a confectionery and soda fountain.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. Kings New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure. 25c. at Swann-Day Lbr. Co's. store.

J. H. Anderson Dead.

J. H. Anderson, one of Clay City's oldest and best known citizens, died at his home on Fourth ave. at about 4 o'clock Wednesday. The remains will be taken to Stanton to-morrow morning for interment in the cemetery at that place. The deceased, who was about 68 years old was a victim of pneumonia.

Uncle "Toddy," as he was familiarly called, though a man of strong convictions, was possessed of a warm heart and broad and tender sympathies. True to his friends, he was ever prompt to respond to duty's call.

Peace be to his ashes.

Saved From Terrible Death.

The family of Mrs. M. I. Babbitt, of Bargerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial Bottles Free at Swann-Day Lbr. Co's.

Wonderful Nerve.

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c. at Swann-Day Lumber Co's

House and Lot For Sale.

Two story frame house of seven rooms well finished with necessary out buildings located in the Eastern portion of the city. Lot 50 x 120 feet. Will sell at a bargain.

B. M. McPHEARSON, CLAY CITY, KY.

A Good Man.

Judge L. G. Wills, the Sage Merchant, was down Monday and called at this office and renewed his subscription to the Times, and at the same time subscribed for the paper for three of his friends, remarking that it would make each of them a nice New Year's present. In this the Judge is correct, and we are sure the recipients will appreciate their presents better than any New Year's gift they have received for several years. If Powell had a few more such enterprising citizens, the county would

be better off and it would be more favorable for newspaper life.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

SPOUT SPRING.

Our merchants report a good holiday trade.

Mr. and Mrs. Allen Osborne gave the young folks a grand hop Tuesday night.

Dillard McKinney visited his daughter, Mrs. J. H. Dawson, at Rabbittown Friday.

The holidays at this place were very peaceably spent. As usual, there were no disturbances whatever among our people.

Mrs. Esa McKinney and her brother, Mosses McKinney, visited their sister, Mrs. George W. Lewis in Montgomery county last week.

Mr. Francis Charles, of Hardwick's Creek, and Mrs. Josia Cosby, of this place, were married at Stanton, Ky., Tuesday, December 29.

J. H. Dawson and wife, of Rabbittown, are visiting the latter's father, D. McKinney. The little infant son of theirs has recently been severely burned about the face and hands, but it is now getting along well and it is not likely to disfigure the child's face when it is healed.

Mr. McIntosh has rented his farm on Calloway's creek, this county and moved to his wife's farm in Powell county.

Owing to the inclement weather, Elder R. L. Brandenburg was unable to come to Salem Saturday and fill his stand, consequently no services were held at this church. We hope that the weather at the next regular meeting day, the first Saturday and Sunday in February, will be more pleasant and inviting than it was on this occasion.

Miss Alivia Ginter, The attractive daughter of Mr. and Mrs. George W. Ginter, of College Hill, will be married at the Methodist church at that place, Thursday, Jan. 7, at 3 o'clock to Mr. Dillard Hill, a young farmer, also of College Hill. The bride-to-be is well known here where she has numerous friends. She is a niece of Jas. F. McKinney, of this place.

Do You Know

That the modern girl can curl hair better than she can peel potatoes?

That it is an awful stiff neck that knows no turning, when a pretty girl is passing?

That a man hardly ever realizes his worth, until he is sued for breach of promise?

That a lady's favorite glass is a looking glass, while most men prefer a beer glass?

That to please a man, get him to talk about himself; to please a woman, get her to talk about her neighbors?

That the first thing a man does in the morning is to feel for his pocket book? The first thing a woman does is to look into the mirror!

That most men have two objects in life? One is to become rich, and the other is to become richer. Whether they get to heaven later on is not considered.

That when a man gets too old to set a bad example he begins to give good advice?

That an old maid is a woman, who has not been fool enough to be fooled by every fool, who has been fool enough to try to fool her?

That the Lord does not look at a man's clothes when he goes to church, but the congregation more than makes up for it?—Ex.

Tomatoes on Potato Vines.

Mr. H. W. A. Hemmer, a farmer living near Holland, in Dubois county, has succeeded in a novel experiment this season. He has produced a crop of fine tomatoes on potato vines, while at the same time he has raised a good crop of potatoes on the same vines in the ground. The tomato stalks were grafted into the potatoes a few inches above the ground early in the spring, and while a crop of tomatoes was growing on the vines above, excellent potatoes were forming in the ground below. The potato and the tomato both belong to the same botanical family. Mr. Hemmer took a load of the tomatoes to Huntingburg, where he sold them. They are of fine flavor and quality—Southern Home.

Kimbrell.

William Stone, of near Fox, is visiting his daughter, Mrs. Johnson Harris this week.

David Larison, of near Sams, has rented and moved to the A. King place near here.

A mad dog was killed here this week but no damage has been reported yet.

Mr. and Mrs. R. M. Guy visited the latter's parents from Friday till Monday.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional cure. Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

My Breath.

Shortness of Breath Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured.

Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians. It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. P. DRAKE, Middletown, O.

If the first bottle does not help you, the druggist will refund your money. FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Pain. Also Symptom Blank. Our Specialist will diagnose your case, tell you what is wrong, and how to right it. Free. DR. MILES' MEDICAL CO., LABORATORIES, ELKHART, IND.

Ed Warmouth returned Monday from Winchester where he had been for a few days on business.

F. A. Lyon, the leading insurance agent of Eastern Kentucky, was here Saturday looking after his business.

Another splendid ice harvest is on hand and a number of houses are being filled with fine ice nearly six inches thick.

Misses Annie Ringo and Adie Potts were guests of the former's sister, Mrs. F. P. Tracy at Stanton Thursday.

We received a communication or two this week from different parties which was crowded out for want of space.

School opened up Monday again after a vacation during the holidays. The attendance is larger than it was before Christmas.

Thos. A. Combs, a former merchant of this county, who was elected mayor of Lexington last November, was inaugurated Monday.

Judge W. T. Webb, who sold his building on Sixth ave. last week, moved Friday into the Duncan property in the eastern portion of town.

Small-pox has broken out at Irvine and Beattyville. The authorities at each place are using great precaution to keep the disease from spreading.

A number of our subscribers have come in since the beginning of the new year and settled old accounts and gave us renewals. To all such persons we are extremely thankful.

Mrs. Marion Williams, of near Virden, who has been down for some months with consumption, continues to make no improvement and the end seems to be drawing near.

The Fifty-eighth Congress reconvened at Washington Monday and the Legislature is also in session at Frankfort. This will furnish the newspapers with plenty of news-matter.

The bird law expired last Friday, January 1st. Sportsmen, who were among them the last few days of the laws privilege, say the flocks were very scarce and each flock contained but few birds.

John V. Harris, of Kimbrell, was transacting business in the city Tuesday. He said his mother, Mrs. Martha Harris, who is very old, is in poor health and seems to be gradually growing worse.

* The TIMES has secured a nice yearly advertisement from the well-known high-class millinery dry goods, notions and clothing store of Mrs. J. W. Williams. Watch its appearance each week during the year 1904.

The new seats for the Christian Church have arrived and have been stationed in the new church building. A large stove has been placed near the center of the room, so the house is now very comfortably warmed and seated.

Improved Service.

The L. & A. passenger train will shortly be run from Beattyville under a new schedule. The train will leave Beattyville at 7:45 a. m. and return at 4:15 p. m. The morning train will connect at Richmond and Versailles with the L. & N. and Louisville Southern for Louisville and Cincinnati. A mail clerk will be put on the train which will greatly improve the mail facilities along the road.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says, "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." There are people in this community who need just such a medicine. For sale by all dealers in patent medicine. Every box warranted.

The new Council members of Clay City, Messrs. C. W. Barnett, Durrett White, B. Littlepage, H. C. Warmouth and Noah Rose, were sworn into office Monday night and held their first meeting last night, a full report of which will appear in our next issue.

C. M. Browing, general passenger agent of the L. & A., has retired this place will be filled by Ham R. Smith. Mr. Smith is an old newspaper man, being one of the publishers of the Irvine Mountain Sentinel ten years ago. He is a native of Estill county and a deserving young man.

Better Than a Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deep seated, muscular and rheumatic pains. For sale by all dealers in patent medicine.

Death of Mrs. Rupard.

Mrs. Bessie Rupard, wife of Edd Rupard, died at the home of her father, George Lewis, Friday of Consumption, aged 20 years. The remains were buried at College Hill, Madison county, funeral services being held by Rev. Geo. Froh. She was a most lovely lady and her death will be lamented by a wide circle of friends and relatives.—Winchester Democrat.

Bilious Colic Prevented.

Take a double dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy as soon as the first indication of the disease appears and a threatened attack may be ward off. Hundreds of people who are subject to attacks of bilious colic use the remedy in this way with perfect success. For sale by all dealers in patent medicine.

Caleb Powers and Jim Howard, two condemned murderers of

Gov. Gabel now in the Louisville jail, are said to have received more valuable presents during the holidays than any other pair in Kentucky.

A glass or two of water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by all dealers in patent medicine.

Postmaster's Mistake.

About the 1st of November we received instructions to change Mr. John W. Vaughn's paper from Phoenix to Gila Bend, Ariz., which we promptly did, and noted his removal to the latter place in these columns. We last week received a complaint from Mr. Vaughn who is still at Phoenix and wants the paper sent there. We are always thankful to postmasters when they inform us correctly of a change in a subscriber's address, but such blunders as above is both annoying to us and our subscribers. We have recently had trouble of the same nature at Bloomington, Ill and several other places.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substances. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by all dealers in patent medicine.

S. J. Anderson is confined to his room with pneumonia.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Colic, Cholera and Diarrhoea Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by all dealers in patent medicine.

HEALTH

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakened kidneys

No Doctor

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

This is the South's Great Literary Weekly, published at Atlanta, Ga., only 50 cents a year. Circulation now over 75,000.

The sample copy you receive will make you a regular Sunny South Reader. The paper is not devoted to news, but literature, romance, fact and fiction, and gives the best of all within this wide field. The most noted southern writers are among its contributors. Two good serials are always in progress from pens of national fame.

The Sunny South teams with the life of the great south. The genial sun shines warm everything into activity, and the season is never cold enough to check the hand of industry. The paper comes fragrant with the breath of the magnolia and pine, and gives out the very air of the orange, palm and bay. The beauty and pathos, the romance and mystery of the land where the corn stores up the golden sunshine and the cotton whitens in the moonlight, will be given in the well-filled columns of this fascinating weekly.

Send on a Postal Card the names and addresses of six of your neighbors who would appreciate the opportunity to read a copy of The Sunny South, and one sample will be mailed free to each.
